

## September 25, 2023 healtheConnect Portal Release Notes

Below you will find information on recent updates and enhancements now available in the Health Information Exchange. If you would like additional information about these new features, please contact us at [support@ak-ehealth.org](mailto:support@ak-ehealth.org) or call us at 907-770-2626

### Adding Immunizations Found in Clinical Documents (CCDs)

**Platforms affected:** HIE Portal

**For this release:** Users will now be able to view immunization data sourced from clinical documents sent from participating organization Electronic Health Records (EHRs).\* This data will be contained in a new sub-tab under Immunizations entitled Electronic Health Records. The data table within the Electronic Health Records tab will display columns for Administered Date, Vaccine, Administered Location, Last Reported By, and Last Reported Date.

At this time, the HIE Portal only has access to Covid-19 immunization data from the State of Alaska’s Immunization Registry, VacTrAK.

\*Please note, this may not reflect a patient’s complete and accurate immunization history.

The screenshot shows the HIE InContext portal interface for a patient named ANNA CADENCE, Female, born Nov 16, 1981. The 'IMMUNIZATIONS' tab is selected in the top navigation bar. Below it, the 'IMMUNIZATION REGISTRY' sub-tab is also selected. The main content area displays a table of immunization records with the following data:

Administered Date	Vaccine	Administered Location	Source	Expiration Date
2022-12-08	COVID-19 mRNA, LNP-S, PF, 0.3mL	Luminis Health - Anne Arundel Medical Center	UMMS_UMMC	—
