

healthEconnect Portal Release Notes January 22, 2024

Below you will find information on recent updates and enhancements now available in the Health Information Exchange. If you would like additional information about these new features, please contact us at info@healthconnectak.org or call us at 907-770-2626.

Remove Recent Alerts Icon from Iconography

After this release: “Recent Alerts” icon is being removed throughout the application for design consistency.

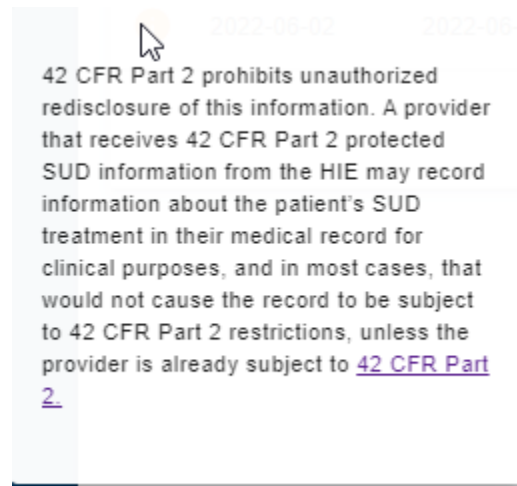

Update Note Text When PDF Attached

After this release: The statements “No notes available for this record” and “Download PDF” will be removed from user view when there are no notes to display for a present health record.

Display SUD Icon for Procedures, Medications, and Diagnoses

After this release: Relevant SUD information will display on all subtabs when users hover over each title (eg. Procedures, Medications, and Diagnoses) under the Data from Claims main tab.

Bug Fix: Structured Documents

After this release: Fixed an issue where sorting by document size was not consistently working.
